

Greetings Visitors -

My name is Betsy Brasher and I am the National President of Phi Chi Theta Professional Business Fraternity. I am so excited that you have found our website and are interested in our organization. You may be interested in starting a Phi Chi Theta chapter on your college campus or your school may already have a chapter and you are thinking about joining. To that I say - please join Phi Chi Theta!!!

I have been a member of this organization since 1995. I joined when I was a freshman at the University of Tennessee at Martin. My experience with Phi Chi Theta was very positive, while I was in school. I was able to establish relationships with other business majors and professors. As an officer, I sharpened my leadership and interpersonal skills. As a member of Phi Chi Theta, I attended professional activities that gave me the edge over other business majors.

After graduation, I got involved as a national officer several years out of college. It has been an exciting four years!!! I work with people from all across the United States. I work on projects that affect this entire organization. But, best of all, I have made many friends that I would have never made if I had not gotten involved.

I don't ask "What has Phi Chi Theta done for me?" Instead I ask - WHAT CAN I DO FOR PHI CHI THETA???

There is a place for everyone in Phi Chi Theta. It is more than just a business organization that you are a member of in college. With an 80 year old organization, Phi Chi Theta maintains a legacy of alumni that have built this organization into what it is today. I am proud of our history and the fact that I am apart of this organization.

If you have any questions about Phi Chi Theta, please do not hesitate to contact me at president@phichitheta.org.

Sincerely,

A handwritten signature in cursive script that reads "Betsy Brasher". The signature is written in black ink and is positioned above the typed name and title.

Betsy Brasher
National President
