

December 16, 2008

Dear Phi Chi Theta Members:

As the Fall semester comes to a close, I want to thank you all for a very productive semester. Collectively at the chapter level we have pledged and or initiated 319 members so far this year. We hosted and sponsored over 100 events. On National Make a Difference Day alone, Phi Chi Theta participated in 20 separate activities. Nationally we have been able to clean up and institute additional internal policies to help us run more smoothly. We have increased the amount of communication coming from the national office. We have installed two new chapters, one at Drexel University and the other at Grand Valley State University. We currently have interest at Cornell University and expect that chapter to be installed in the winter. We have also granted life membership to 9 more alumni members. Everyone has been busy making Phi Chi Theta a success.

In the spirit of increasing communication from the national office, the next edition of our Executive Council Newsletter is attached. The focus is our alumni experience. I hope you enjoy it.

Thank you all for your hard work and dedication to Phi Chi Theta. On behalf of all of the National Officers, I want to wish you and your families a very happy holiday season. I am looking forward to another productive semester in the spring.

Happy Holidays!

Fraternally,

Gary Hodge
National President
